The screenshot shows the homepage of The Arc Favarh's Recreation and Wellness Department. At the top, there is a navigation bar with orange and white sections. The left section contains the logo for 'The Arc Favarh', which features a stylized orange 'A' above the text 'The Arc' and 'Favarh' below it. The right section of the navigation bar contains three menu items: 'Products & Services', 'Programs', and 'Contact Favarh', followed by a search icon. Below the navigation bar is a large hero image of a young man with a white shirt, looking slightly to the right. A red circular button with the word 'GIVE' is overlaid on the bottom left of the hero image. Below the hero image is a main content area with a white background. On the left side of this area is a vertical sidebar with a light blue background and white text. The sidebar has a heading 'A Healthy and Active Lifestyle' in orange, followed by several menu items: 'Nutrition', 'Physical Activity', 'Emotional Wellness', 'Unified Special Olympics', 'Recreation and Wellness New User Registration' (which is highlighted with a blue hand-drawn box), 'Recreation and Wellness User Login', and 'Contact Us'. The main content area on the right has a heading 'A Healthy and Active Lifestyle' in bold black text. Below the heading is a paragraph: 'At Favarh, a healthy and active lifestyle is a fundamental component of independence: it builds self-esteem, promotes relationships with others, leads to empowerment and ultimately fuels personal growth.' This is followed by another paragraph: 'We are very intentional about encouraging people living with disabilities to embrace a healthy and active lifestyle in each of three major areas - nutrition, physical activity and emotional wellness.' The next paragraph reads: 'In nutrition, we help participants integrate healthy food choices and meal preparation into their lives, offering culinary exploration, healthy meals programs, gardening, workshops on health topics and health screenings.' The following paragraph states: 'Our physical activity programming includes a fitness and movement exercise program, hiking and camping, a gym program and participation in many different Unified Special Olympics sports.' The next paragraph says: 'Our commitment to emotional wellness includes mindfulness, behavioral health, enrichment and self-improvement, social connections and the creative arts.' The final paragraph concludes: 'You or your family member can participate in as many or as few of our activities as you want. Click on the different options on the left to learn about what we offer and when we offer them. You can register through this web site or you can call or email us to register.'
